health education, drug use, drug offensive, media, Australia, 65
Drug use
health education, campaigns, drug offensive, media, Australia, 65
Dynamics
processes, behavioural change, research, 443
Health behaviour
health promotion, conceptual meta-paradigm, 195
health promotion, health education, neglected areas, 153
perceived control, preventive, blue collar workers, 141
Health education
attributional retraining, self-efficacy improvement, 239
behaviour change, 249
campaigns, health-threatening behaviors, drug abuse, human needs, 173
cervical cancer, prevention, Pap smears, mass media, 259
drug use, campaigns, drug offensive, media, Australia, 65
organismic-developmental, transactional perspective, 203
research, practice, conceptual models, 163
role of self-efficacy, Dutch research, 231
theory, patient–provider interaction, communication, 185
Health information sources
Southwestern USA, ethnic differences, gender differences, 31
Health locus of control (HLC)
health value (HV), self-efficacy, measurement, 251
Health promotion
health behaviour, health education, neglected areas, 153
Health protective behaviour
eclectic incentives, Jewish Israeli adults, 211
Heart Smart program
cardiovascular, school health promotion, health advisory committee, 423
HIV
AIDS, assessments, risks, personal, study, general, Harare, Zimbabwe, 307
Mammacheck
breast self-examination, teaching program, training, Victoria, Australia, 279
Mammography
screening, breast cancer, program, 279
Oral health behaviour
fluoride, toothbrushing, 455
Oral health education
18-year-olds, perception, recall, Finland, 43
Pap smear
screening, campaign, mass media, 267
Physical activity
attitudes, children, results, 465
Prevention
cervical cancer, health education, Pap smears, mass media, 259
curriculum, school-based, development, prevention, research, 339
smoking, adolescent, peer education, friendship cliques, 101
smoking, cessation, smokeless tobacco, cigarettes, classroom intervention, adolescent, 109
Project DARE
drug use, evaluation, adolescents, North Carolina, 327
Safe sex campaign
AIDS, sexually transmitted diseases, evaluation, mass media, The Netherlands, 317
School districts
tobacco prevention, recruitment, North Carolina schools, 373
School health promotion
school-based tobacco prevention program, recruitment, research, 363

School-based
curriculum, development, prevention, research, 339
School-based tobacco prevention program
school health promotion, recruitment, research, 363
Screening
mammography, breast cancer, program, 279
Screenings
cholesterol, blood, physician, 405
Sexually transmitted diseases
safe sex campaign, AIDS, evaluation, mass media, The Netherlands, 317
Smoke-free class
tobacco-prevention education, evaluation, effectiveness, Texas, 353
Smoking
cessation, low intensity services, health maintenance organization, 87
cessation, predictors, 77
prevention, adolescent, peer education, friendship cliques, 101
prevention, cessation, smokeless tobacco, cigarettes, classroom intervention, adolescent, 109
WHO study, health education, young people, health behaviour, school children, 415
Swedish study circle
health education, United States, health promotion, 7
Tobacco
control programmes', general medical practitioners', cancer risk, India, 121
Tobacco prevention
school districts, recruitment, North Carolina schools, 373
Tobacco-prevention education
smoke-free class, evaluation, effectiveness, Texas, 353
WHO study
smoking, health education, young people, health behaviour, school children, 415
